# Our Portfolio

A decorative background featuring a purple grid pattern that forms a wavy, undulating surface. A solid purple rectangular shape is positioned in the center, partially overlapping the grid. The overall aesthetic is futuristic and digital.

# Solluminati

Delivered as a B2B solution to projects across the Solana blockchain which can be easily integrated and highly configurable in regards to staking rules, rewards, reward type, and claiming cycle. Providing exclusive utility for NFT holders and a revenue stream for both the NFT holders that staked their assets and for the project's treasury that supports the DAO.

# Ethernity Cloud

Built for the NFT minting process with a ChainLink VRF integration for a verifiable random function and a dApp to translate and deliver the complex process in a decluttered and easy way for the users to mint. Perfected to ensure NFT data integrity and accuracy because the NFT metadata determines specific advantages, perks and boosts within the Cloud Service. The smart contract's advanced features can be easily operated based on the provided User Guide.
